

GT-MAX

Battery strapping tools
for plastic strap

GT-Series
is the battery strapping tool range
by SIAT that provides you the best solution
for heavy duty applications

STRAPPING

100%
MADE in ITALY

GT-MAX

SIAT enlarges its GT range with the latest launch in battery hand tools: GT-MAX. The machine has all the advantages of a proven GT series member but incorporates innovative power and strength which is required in heavy duty applications linked with metal or wood industries.

SPECIFICATIONS

Package type: Flat surface (min. 400 mm)
Round surface (min. diam. 1000 mm)
Strap quality: PET
Strap Width: 25 mm / 32 mm
Strap thickness: from 0.9 mm up to 1.30 mm **Max.**
Max. tension on single strap: 6.500 N
Max. tension on the package: 13.000 N
Max. Tension speed: 5,0 mt/min
Joint type: Friction weld seal
Weight: 6,2 Kg. (including battery)
Battery: Akku Power SP7.36 Vdc 5 Ah Li-Ion

KEY FEATURES

- » Weight: 6.2 Kg including battery (the lightest on the market)
- » Functioning mode: automatic / manual
- » Brushless motor with encoder
- » Perfect handling
- » Robust plastic cover with natural rubber handle
- » Front & rear guides adjustable for the strap dimensions

OPTIONALS

Akku Power SP7 Battery 36 Vdc - 5.0 Ah Li-Ion
Battery charger for Li-Ion Battery Akku Power

- » Easy to use tool. The lightest in the market for its category
- » Compact and ergonomic design with non-slip rubber handle
- » Efficient operation due to good balance
- » Simple and user-friendly interface
- » Digital display with visible parameters
- » Low maintenance required, due to brushless motor

- » Suitable for different strap sizes: i.e. 25 mm and 32 mm (1" and 1 1/4).
- » Stable performance due to Li-Ion battery technology (with no "memory effect")
- » Option to lock the keypad in order to improve safety
- » Easy removable casing for quick maintenance

STRAPPING IS NOTHING WITHOUT CONTROL

If durability is required within different applications then the **GT-MAX** strapping tool is the right equipment for all your strapping challenges. Easy to use and adjust, it ensures **high performances, cost efficiency** and user friendly packaging solutions for PET straps.

LED battery charge indicator and USB connection. One-hand battery extraction system.

Universal Battery charger will ensure protection on thresholds for temperature and internal pressure of the charging batteries to improve quality and increase battery life.

The SIAT Group

Headquartered in Northern Italy, SIAT is established as a quality leader in end-of-line industrial packaging solutions, specializing in taping, strapping and wrapping machines, as well as flexographic printing machines.

Based in Ohio (USA), Combi is a Northern American producer of industrial packaging systems, engineering and manufacturing case erectors, tray formers, case sealers, case packers, robotic packaging systems, and ergonomic monoblock hand-packing stations.

Located in Northern Italy, Tam has been producing small metal parts and providing precision machining services for over 30 years.

For over 50 years, we have been manufacturing high-tech equipment and are proud to be recognized by our customers as among the leading brands in packaging machinery and components. Our solutions are utilized across various industries, including food and beverage, e-commerce, logistics, packaging, and consumer products.

Our machines are designed to:

Increase customer productivity

Our machines boast an average life of 25 years, while our customers pay off their investment in only 4 to 5 months.

Total lower cost of ownership

Our machines are designed for easy maintenance and simple installation. They are developed to be user-friendly and durable, while also being easy to integrate and manage.

Reduce environmental impact

We strongly believe in pursuing this goal through our environmental approach, envisioning the future of packaging as a collaborative effort with our customers to find the most sustainable and secure solutions. Each machine is designed to consume less energy, minimize material usage, and reduce waste.

Be connected

Thanks to Optirun, the SIAT Group's IoT solutions brand, we can calculate tape and box consumption, monitor film usage, and track all machine parameters to prevent downtime.
